

## Library of Burch University

Mar 23, 2017

*Library holdings of Burch University shall be completed through purchase, exchange of publications, gifts and own editions of the university.*

One of the most important aspects of completing the collections of books now takes place through the exchange of publications. The library can establish an exchange of publications with more scientific and related institutions in the country. In this way, the library enriches its holdings.

One such activity was conducted on 23 March, 2017, where the library, through the exchange with the Academy of Sciences and Arts of Bosnia and Herzegovina (ANUBiH), had been provided more than 100 new library units from different areas.

The aim of the library is certainly satisfaction of its customers and to provide adequate information at the right time.
