

## **BURCH University Students Attended Liberty Camp in Konjic**

Aug 30, 2017

*On August 12 and 13, nine International Burch University students participated in the third annual Liberty Camp in Konjic, organized by the non-governmental organization "Multi" and financed by the Friedrich Naumann Foundation.*

Isa Dukmenic, Amna Durmic, Emina Dželic, Lamija Gacanovic, Melisa H. Mehmedovic, Haris Kalac, Ajla Keško, Hata Kujrakovic, and Amer Kurtovic, all of whom are students of the Faculty of Economics and Social Sciences, attended.

This is the second year in a row in which International Burch University is represented among the participants and the third year in a row in which the seminar is being held.

Participants attended lectures about the principles of liberalism and libertarianism, engaged in scholarly discussion with others about the topics at hand, and participated in stimulating activities related to the topics. These kind of seminars are more than welcome as they support and assist youth growth and help new generations in their development process.

The participants were content with the seminar and the organizers were content with the participants.
