## ENROLLMENT and GRADUATION REQUIREMENTS

The main enrolment requirement for Burch Master Program is that the candidate must have a GPA of at least 7.0/10, and a sufficient knowledge of verbal/written English language. In order to graduate, students must meet the following criteria:

- Complete all courses subject to the program
- Complete Master Thesis
- Complete the publication requirement for thesis programs

# Interior Design

THESIS PROGRAM 3+2

Interior design is one of the world's fastest growing professions. The suggested study track of masters program in interior design will offer specialized courses in the field, aiming to give students professional design and technical skills in areas of space planning, furniture design, and interior design. Program will insist on students involvement in real ongoing projects, participation in all design phases, and close cooperation with professionals from practice.

## ADMISSION

Candidates seeking admission to the BURCH Master program should present a bachelor's degree or equivalent from a recognized educational institution. All candidates must have a proficiency in use of English language, spoken and written. The final decision concerning the acceptance into the program rests with BURCH faculty management.

# Construction Management

THESIS PROGRAM 3+2

Construction managers play a crucial role in the development of built environment and infrastructure by ensuring efficient and timely implementation of construction projects. Much like a specialized graduate-level degree in project management, construction management degrees are built around the ability to manage teams as well as quantitatively assess construction-centered work sites.
